ALS / BLS CRITICAL CARE & SPECIALTY AMBULANCE TRANSPORTATION

*Locally Based for Quick,
Reliable Service*

610-449-STAT

OUR MISSION

Our Mission at **STAT Medical Transport** is to provide the highest quality pre-hospital and inter-hospital medical transportation for our patients with the highest standards of safety, patient care, and customer service. In today's fast-paced health care industry, quality and caring seem to be missing from many ambulance transportation companies. We, at **STAT Medical Transport**, strive to place the "quality" and "care" back into medical transportation.

COMPANY HISTORY

STAT Medical Transport was founded by two local paramedics and a registered nurse in the Spring of 2005. All three owners each have over 15 years experience as EMS providers, and are extremely familiar with the ambulance industry. The combined business and EMS background of the owners will lead **Stat Medical Transport** into serving the needs of Delaware County and its surrounding area.

SERVING YOUR NEEDS

- ☑ **Basic Life Support Ambulance Service**
- ☑ **Advanced Life Support Ambulance Service**
- ☑ **Critical Care & Specialty Ambulance Service**
- ☑ **Event Medical (Sporting, Concerts, School Functions)**

AMBULANCE SERVICE

- Scheduled, non-emergency medical transportation from home to a medical appointment, and then home again.
- Scheduled / unscheduled nursing home or extended care facility to any hospital of the patient's choice provided no immediate life-threatening condition exists.
- Inter-hospital transportation from one facility to another, and then back to the original facility if necessary.
- Pre-hospital medical transportation to any hospital of the patient's choice provided no immediate life-threatening condition exists.
- Post-hospital discharge transportation to nursing homes, extended care facilities, or to patient's homes as medically necessary.
- Long-distance ground ambulance transfers.
- Unique Air Ambulance link-up service for extreme long-distance transfers.

OUR COMMITMENT

STAT Medical Transport is committed to providing prompt, reliable, friendly, and convenient service.

We place total focus on patient comfort and safety.

We treat patients with the utmost respect.

Crews are carefully screened for personalities compatible with our company philosophy.

Units are operational 24 hours per day, 7 days per week through Delaware, Chester, Montgomery, and Philadelphia Counties.

STAT Medical Transport is fully licensed, accredited, and insured for all your medical transportation needs.
